ACCREDITATION:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of SUNY Upstate Medical University and United Health Services Hospitals. SUNY Upstate Medical University is accredited by the ACCME to provide continuing medical education for physicians.

CREDIT:

SUNY Upstate Medical University designates this live activity for a maximum of **5 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

DISCLOSURE POLICY:

To ensure balance, independence, objectivity and scientific rigor in all certified CME activities, SUNY Upstate Medical University requires that all planners, faculty and individuals in a position to control the content of an educational activity disclose all relevant financial relationships with any commercial interest that might be perceived as a real or apparent conflict of interest. Detailed disclosures will be made in writing prior to speaker presentations.

AMERICANS WITH DISABILITIES ACT:

In accordance with the Americans with Disabilities Act, Upstate Medical University seeks to make this conference accessible to all. If you have a disability which might require special accommodations, please contact (607)763-6538.

Continuing Professional Education Presents

42nd Annual Krembs Cardiac Teaching Day

**Thursday,
September 13, 2018
8:00am-3:30pm**

*DoubleTree by Hilton
Binghamton, New York*

42nd Annual Krembs Cardiac Teaching Day

INTENDED AUDIENCE

Our national faculty will speak to the educational needs of the cardiologist, primary care physician, family practice physician, coronary care nurse, and advanced practice professional.

Visiting Faculty

Harry Lever, MD
*Cardiologist, Cleveland Clinic
Dept. of Cardiovascular
Medicine, Cleveland, OH*

**R. James White,
MD, PhD**
*Professor of Medicine,
Pharmacology & Physiology,
University of Rochester
Medical Center, Rochester, NY*

**Joshua J. Murphy,
MD, FSCAI**
*Chief of Pediatric
Cardiology, Rush
University, Chicago, IL*

David M. Zlotnick, MD
*Assistant Professor of
Medicine, University at
Buffalo, Buffalo, NY*

Timothy E. Paterick, MD
*Cardiologist, Aurora
BayCare Medical Center,
Green Bay, WI*

AGENDA

All sessions will be held in the Grand Ballroom

8:00 am **Registration and Continental Breakfast**
(Atrium of the Grand Ballroom)

8:45 am **Introductions and Announcements**
Keyoor Patel, DO and Alon Yarkoni, MD
Co-Chairs, Planning Committee

9:00 am **Hypertrophic Cardiomyopathy**
Harry Lever, MD

Objectives:

- Identify anatomical variations of hypertrophic cardiomyopathy
- Prevention of sudden death in hypertrophic cardiomyopathy
- Overview of Surgical and transcatheter therapeutic options

10:00 am **Congenital Heart Disease: An Early View**
Joshua J. Murphy, MD

Objectives:

- Identify early signs and symptoms of congenital heart disease
- Understand the stepwise diagnostic course
- Understand the interventional practices and limitations

11:00 am **Break & Visit The Vendors**
(Atrium of the Grand Ballroom)

11:20 am **Cardiogenic Shock: A Review of Hemodynamic Support Principles and Cardiac Support Strategies**
David M. Zlotnick, MD

Objectives:

- Identify signs/symptoms of cardiogenic shock
- Hemodynamic support strategies and devices for management of cardiogenic shock
- Concept of a multi-disciplinary shock team to manage complex patients with cardiogenic shock

12:20 pm **Complimentary Lunch & Visit The Vendors**
(Lunch wrap buffet)

1:30 pm **Breathless in Binghamton: What to do with the finding of Pulmonary Hypertension on an Echo**
R. James White, MD, PhD

Objectives:

- Describe the limitations of echo in estimating PH and identify the value of right ventricular morphology and function descriptors as important features on such an echo
- Describe treatment progress in the rare disease ‘pulmonary arterial hypertension’ with improvements in oral therapy options
- Name heart failure preserved ejection fraction as the most common reason to identify PH on an echo

2:30 pm **LVNC: The Zebra Cardiomyopathy**
Timothy E. Paterick, MD, JD, MBA

Objectives:

- How to evaluate LVNC morphology
- How to integrate LVNC morphology and physiology
- The ability to diagnose LVNC cardiomyopathy

3:30 pm **Adjournment**

PLANNING COMMITTEE

Keyoor Patel, DO, FACC *(Co-Chair)*
*Cardiologist, UHS Heart & Vascular Institute;
Clinical Assistant Professor of Medicine,
SUNY Upstate Medical University*
