

# GIVING MANAGING GRANTING

*2016 UHS Foundation Annual Report*

# PUTTING IT ALL TOGETHER

**Cory S. Jacobs**  
*Executive Director*

The purpose of the UHS Foundation is to seek gifts that will enhance the care of patients, manage those gifts wisely and with good stewardship, and provide grants for programs and services at UHS that make a meaningful difference in people's lives. All three of these actions combine to create the Foundation's ongoing mission and value.

This emphasis on giving, managing and granting was especially evident throughout 2016, as gifts increased 5 percent over the previous year, and our total earnings exceeded \$1.3 million. Our partners in this endeavor are the residents of our community, along with the UHS employees, volunteers, board members and medical staff, who so generously donate their time, talent and treasure.

The year was bittersweet for the final Women Fore Women Golf Classic, with the culmination in September of the tournament after 20 years. Over the past two decades, more than \$875,000 has been raised by the event to support women's healthcare. Tournament funds enabled the purchase of two machines for digital breast tomosynthesis, making UHS one of the first facilities in New York State to offer three-dimensional mammography. Those who have participated in the classic since its inception have made a tremendous impact on the lives of thousands of women in our community.

I would like to extend a personal thank you to all of our donors who supported the Foundation during 2016. Our success is your success. Investment in UHS is an investment in the health and well-being of our wonderful

## Our 2016 Donors

### Leaders

#### \$50,000 & Up

Broome County Community Charities, Inc.  
Pepsi Bottling Group, LLC

### Benefactors

#### \$25,000 to \$49,999

Compass Group

Dr. and Mrs. Walid Hammoud  
Mr. and Mrs. Charles O. Ingraham

community. When you partner with us, you have a positive impact on the delivery of care as lives are changed for the better, one patient encounter at a time.

I would also like to acknowledge the UHS Foundation's Board of Trustees. As we experienced several operational changes during the year, the expertise and support of the trustees were invaluable, and the Foundation is stronger as a result.

I am so proud to be associated with this great Foundation, and I look forward to continuing to partner with our donors, trustees and members of the UHS family as, together, we create the positive healthcare experiences of tomorrow.

*With gratitude and kind regards,*

*Doctors, nurses and technicians at UHS are able to offer patients the latest in diagnostics because of equipment provided through Foundation giving. An important purchase in 2016 was an affirm biopsy system to diagnose breast cancer.*

# GIVING

The UHS Foundation has a significant history of philanthropic support from people throughout the Southern Tier community, and the contributions of 2016 were a stellar example of this tradition.

More than 1,800 donors made contributions to the UHS Foundation in 2016 – by giving to the community-wide annual appeal, supporting a team in the Golf Classic, sponsoring a table at the “Mardi Gras Madness” special event, or making a gift in honor of a special provider on National Doctors’ Day.

UHS relies on this kind of exceptional generosity from many individuals to help it meet its mission of offering outstanding care in our community.

*Many physicians and surgeons complete their medical residencies at UHS Wilson. Often their work is advanced by the generosity of Foundation donors. A recent grant purchased cardiothoracic training simulators that help residents gain skills in delicate medical procedures.*

# MANAGING

Our goal always is to ensure that people in our region will truly benefit from Foundation giving. Every dollar donated is strategically spent to have a positive and significant effect on the quality of care in the Southern Tier.

At the Foundation, we take pride in the prudent management of more than 120 individual funds. Endowed fund donors trust us with their donations, and trust that their generosity will last beyond their lifetimes.

One exceptional example is the Allaben Fund for Orthopedics, established in 1985 in memory of Greater Binghamton pioneering orthopedic surgeon Charles Allaben, MD, to strengthen innovative treatment for orthopedic patients.

The fund started with less than \$30,000 and today is worth \$1.9 million. Over the years, the Allaben Fund has measurably advanced care in the orthopedic field. With proper stewardship, gifts to the Foundation today can produce lasting benefits for generations to come.

*The Foundation has a significant history of philanthropic support from residents of the Southern Tier. In 2016, more than 1,800 donors made contributions and total Foundation earnings exceeded \$1.3 million.*

# GRANTING

**T**he UHS Foundation continues to support the margin of excellence for which UHS is well known.

Grants paid in 2016 included one that funded an affirm biopsy system to provide enhanced patient comfort and better image quality for three-dimensional tomosynthesis mammograms. This made UHS the first healthcare system in the region to offer

3D tomosynthesis with affirm biopsy.

To modernize safety and security on UHS campuses, the Foundation was proud to help fund the purchase of emergency blue-light call-box systems, similar to those on college campuses. The boxes are activated by pressing and releasing a red button if someone needs help.

UHS is home to a long-standing Medical Residency Program that has trained scores of physicians and other providers over the years. The program brings enthusiastic medical residents and innovative physicians together for advanced learning and practice. A recent grant from the Foundation provided cardiothoracic training simulators, creating a safe environment for residents to gain skill in such procedures as thoracentesis and lumbar puncture.

*Patients like professional ballplayer Luis "Machete" Rodriguez, who's back in the game thanks to shoulder surgery at UHS, are among the beneficiaries of UHS' outstanding program in orthopedic care. Orthopedic excellence is made possible in part by donations to the Allaben Fund, established at the Foundation in 1985.*
