Regional Advisory Task Force Agenda

January 28, 2021 | 1PM – 2 PM

Tioga County Public Health is  sharing a COVID-19 Update.

5d • 

Today we held our second COVID-19 Vaccination Clinic where we were able to vaccinate 100 individuals who are designed as essential workers in Group 1B by NYS.

This clinic was held at the Waverly Bus Garage. A special thank you to all of our partners: **Waverly Central School District, Waverly Police Department, Waverly Fire Department, Greater Valley EMS, The Guthrie Clinic, Lourdes Hospital, and United Health Services.** And a special shout-out to Dollar General in Waverly for donating handwarmers for the staff working this clinic!

TWO
things to **KNOW**
SAY
DO

Two things to **KNOW**

1. **Increased vaccine supply is expected**, beginning next week.
2. We have **made a change to our websites**. Our regional public website is now www.SouthernTierVax.org. There are many outreach tools available there.

Two things to **SAY**

1. Now is **not the time to let your guard down**. Please continue to mask up, limit social gatherings and physical distance even if you've been vaccinated.
2. Tell us about **ideas you have for public forums** for targeted populations.

Two things to **DO**

1. Feel free to **add a link** to www.SouthernTierVax.org on your public-facing websites so the community can access the information.
2. **Reach out to leaders** within underserved and minority populations to explore standing up accessible PODS.
