

## What it Means to be Immune: A Covid-19 Virtual Community Fireside Chat

Information on COVID-19 and the vaccine is constantly being changed and updated, making it hard to keep up or knowing what is right for you and your family. Join us for a conversation regarding the COVID-19 vaccine and what it means for you and your family to be immune to COVID-19. We've invited a community leader and a couple of clinicians to join in our discussion and help answer your questions and concerns about getting vaccinated.

Our COVID-19 Community Fireside Chat can be viewed on Zoom by registering using the link below. We will also be live streaming this event on CCN's Facebook Page.
